BROKE THE RECORD.

Local Pedestrians Go to Clarksville in About Six Hours.

Messrs. Saxe McCormick and E. T. Ryan walked to Clarksville Sunday, in an effort to lower the record made in September by Messrs. Kohlschuetter and Tollner, of Clarksville. The record made by the latter was seven hours and fifty-eight minutes for the round trip from Clarksville to Hopkinsville. Ryan and McCormick left Hopkinsville at 5 o'clock a. m., and reached Clarksville at 11:25 a. m., lowering the record one hour and thirty-three minutes. They did not make the round trip on foot, but returned home on the train Sunday night.

The distance from Hopkinsville to Clarksville is 27 miles, with pike the entire distance, but the country after the Tennessee line is crossed is very hilly.

The record breakers were in fine trim for the journey and went through without stopping even for a drink of water.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For liver, kidney, stomach and bowel troubles, Electric Bitters is the only medicine. Only 50¢. It's guaranteed by R. C. Hardwick, druggist.

PRESTO CHANGE!

Out Goes the Old, In Comes the New.

Only One Change In Personnel
of City Fathers--Vacancy In
the Seventh Ward.

The old council held its last meeting Friday night. Mayor Henry officially notified the body of the death of Councilman J. G. Duncan, of the Seventh Ward. He did so in a very feeling and sympathetic manner. On motion the Mayor was authorized to appoint a committee to draft suitable resolutions.

The session was devoted to routine matters, as the old board desired to wind up the business of the year. Nothing out of the ordinary was done.

Yesterday, being the first Monday in December, the members of the new council elected for two years qualified, and entered upon their duties. The only new Councilman

COUNCILMAN TWYMAN.

councilman is Joe K. Twyman, who succeeds James West in the Third ward, Mr. West not being a candidate for re-election.

The personnel of the new body is as follows:

First Ward—Capt. L. W. Whitlow.
Second Ward—J. B. Galbreath.
Third Ward—J. K. Twyman.
Fourth Ward—L. H. Davis.
Fifth Ward—E. W. Glass.
Sixth Ward—Dr. J. B. Jackson.
Seventh Ward—Vacancy.

The vacancy in the Seventh ward will be filled by election when the new council meets and organizes. It is not likely that the council will elect until the January meeting. It is quite likely that the telephone franchise matter will again come to the front when the election is held. Councilman Duncan was an earnest supporter of the popular side of the franchise matter and on close votes held the balance of power. There are six members of the council, who are understood to be evenly divided, in which event Mayor Henry, who is friendly to the Home-telephone, would have the deciding vote. But it is more than likely that Councilman Duncan's successor will be agreed upon in the Democratic caucus which will meet to name the other officers. As there will be but five in the caucus, no deadlocks are anticipated.

Councilman Twyman, whose picture appears above, is the only new member in the present council. He is the well-known Main street grocer, who has seen service in the city government as street inspector, police lieutenant, etc. He is very popular in his ward and won his nomination by a very flattering majority and was elected in the general election with many votes to spare. Councilman Twyman, as will be seen by a glance at his amiable brow, is a very clear headed business man, a native born Hopkintonian who knows the city's needs, its resources and its people. He will make one of the most useful public servants the city has ever had.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by R. C. Hardwick, druggist. Trial bottles free, regular sizes 50c and \$1.00.

FEDERAL PRISONERS.

Men Charged With Robbing Post Office Held Over.

Chas. Newman and Tom Jackson were held over to the Federal grand jury by Commissioner Ferguson, of this city, charged with robbing the post office at Weldon, Ky. They were taken to Louisville and lodged in jail. The men were first arrested on a charge of breaking open the store of R. H. Farmer & Co., at Nortonville in November, an account of which appeared in the KENTUCKIAN the day after the robbery.

They had in their possession a bunch of keys, one of which was a postoffice key belonging to the Weldon office. The men, who were in jail at Madisonville, were then surrendered to the Government authorities.

STOCK SALE

Of Messrs. Layne & Moseley a Success.

Messrs. Layne & Moseley held their fourth sale of live stock Saturday at their new barn on Ninth street. They disposed of about 75 head of horses and mules at very satisfactory prices.

There were several buyers from a distance and a good many of the animals were bought for shipment. The farmers were well represented and supplied their wants for work stock.

Among the buyers from a distance were Holland & Webb, Nashville, Tenn.; Smith & Smith, Bowling Green, Ky.; Wm. Crunk, Smith's Grove, Ky.; Terry & Moore, Atlanta, Ga.; A. G. Porter, Springfield, Tenn.; Russell & Stone, Franklin, Ky.; Chas. Curtis, Earlinton, Ky., and Judge S. A. Bass, Russellville, Ky.

"Let us Pray."

A preacher at the conclusion of one of his sermons said: "Let all in the house who are paying their debts stand up." Instantly every man woman and child, with one exception, rose to their feet. The preacher seated them and said: "Now every man not paying his debts stand up." The exception noted, a care worn, hungry looking individual clothed in his last summer's suit, slowly assumed a perpendicular position. "How is it, my friend," asked the minister, "that you are the only man not to meet his obligations?" "I run a newspaper," he meekly answered, "and the brethren here who have just stood up are my subscribers, and—" "Let us pray," exclaimed the minister.—Ex.

CANSLER-GILL.

Hopkinsville Man Weds Clarksville Woman in Nashville.

Mr. Charles Cansler, son of Judge Polk Cansler, of this city, and Miss Sarah Gill, daughter of Mr. Jas. P. Gill, of Clarksville, were married in Nashville a few days ago. The marriage occurred at the residence of Rev. Ragdale, the officiating minister.

Mr. and Mrs. Cansler are now boarding with the groom's parents, on South Virginia street.

INTERESTING MEETING

Of Homeopathic Doctors Held at Princeton.

The third annual meeting of the West Kentucky Homeopathic and Eclectic Medical Society was held in Princeton last Thursday. Prominent physicians of the two schools were in attendance from Hopkinsville, Gracey, Cerulean, Paducah and Henderson.

Papers were read on "Obstetrics" by Drs. Wadlington, of Cobb, and Backus, of Gracey. Surgical papers were read by Drs. Armstrong, of Henderson, and Coon, of Louisville.

Clinical medicine was represented by papers of Drs. Amoss, of Cobb; Yates, of Hopkinsville; Wood, of Hopson; Charles G. Wilson, of Clarksville, Tenn., and S. B. Pulliam, of Paducah.

In materia medica, Drs. Felix, of Cerulean; Young, of Cobb; Neil, of Henderson, read interesting papers on various drugs, as did Dr. Robert A. Hicks on "Serum Therapy."

3,554 ARE KILLED.

Report of Railroad Fatalities in 1903. 45,977 Injured.

Accident bulletin No. 8, of the Interstate Commercial Commission shows that for the year ending June 30, 1903, the railroads of the United States killed 3,554 persons and injured 45,977. Casualties numbering 49,531 cost the railroad \$7,645,406, as compared with \$7,645,406 for the previous year. In the last year the number of deaths exceeded those of the year before by 755 and the injuries by 6,179.

Often a person puts off taking needed tonic because of the disagreeable taste of most tonic preparations.

Therefore, the ideal tonic should be pleasant to the palate. Walthers' Peptonized Port may justly claim the title of the ideal tonic, for in addition to being a highly agreeable to the taste, it is a strengthener of greatest value, combining port wine, itself a noted efficacy, with pepsin which is nature's own digestive agent.

This preparation restores lost vitality and cures nervous prostration, indigestion and all kindred ailments. For sale by Anderson & Fowler, & Jas. O. Cook, Druggists, Hopkinsville, Ky.

SNOW BLOCKADES

And Destructive Burdens of
Sleet With Cold Wave

Will Wind Up The Year. Says
Weather Prophet Irl R.
Hicks.

Following is a summary of the weather we may expect from December 10 to January 1, according to Rev. Irl R. Hicks:

On and touching the 10th and 11th there will come a very noticeable reaction to warmer.

The regular storm period, central on the 17th and extending from the 15th to the 20th, will bring a decided fall of the barometer. The temperature will rise, winds will shift to southerly and easterly, and more storms of rain and snow will develop in western parts on and touching the 17th. During the 18th to 20th these storms will pass over the country to the Atlantic. Rains to the southward, turning to sleet and snow northward, may be expected, all followed from the northwest by high barometer, wintry gales and a cold wave. A reactionary storm period is central on the 22nd and 23rd. The prolonged tendency to storminess and precipitation, through all this part of the month, will break into well-defined storms of rain, wind and snow on and about those dates. Following this reactionary period the mercury will fall very low and the cold penetrate quite far into the south. The whole of the last storm period in the month, which covers the last six or eight days, will feel the combined disturbing power of Vulcan, Mercury, Venus and Winter Solstice. In every probability there will be general and severe winter storms from the 26th to the end of the month. They will not appear all over the country at the same time. They will organize and start on their eastward sweep in the west and northwest, not far from the 26th. Blockades of snow and destructive burdens of sleet, all winding up with a full grown cold wave, are the things to be feared and provided against the last week of the year.

In this strenuous age, one sometimes feels the need, not exactly of a medicine, but of a good common sense revitalizer and tonic. Walthers' Peptonized Port is just such a tonic.

The port wine is a strengthener in itself, and the pepsin, by aiding digestion, enables one to get the maximum amount of strength from one's food.

It strengthens in a natural way—not by whipping the organs into a forced activity, not by creating a false feeling of strength through nerve stimulation, but by actually giving real strength. For sale by Anderson & Fowler, & Jas. O. Cook, Druggists, Hopkinsville, Ky. Small size 50 cents, large size \$1.00.

REWARD OF \$400

For Arrest and Conviction of Murderer of Unknown Man.

The Governor has offered a reward of \$250 for the arrest and conviction of the murderer of the unknown man found near Pembroke about three weeks ago. Judge W. T. Fowler has also offered a reward of \$50 for the county and Pembroke offers an additional \$100, making a total reward of \$400.

Mad Dog Killed.

Coroner J. L. Allensworth on Friday morning killed a dog suspected of having hydrophobia. It belonged to Rev. Joe Metcalfe and was on the premises of the latter, on Crescent street, when killed. It was in the street, frothing at the mouth, but ran in the yard, where it was shot. It had done no damage, so far as known.

Dwelling Destroyed.

The residence of Henry Norman, col., on Crescent street, burned Friday morning. The loss amounts to several hundred dollars; covered by insurance.

Macbeth Last Night.

John Griffith in Macbeth was the attraction at the Opera House last night. The crowd was an excellent one and the show was altogether meritorious.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

New Kind of Gold Brick.

James Thompson, a well-to-do farmer living in New Jersey, near the Delaware Water Gap, was working on a fence along the road when a well dressed stranger came along searching for some lost article in the road. Inquiry revealed that the stranger had dropped a \$500 diamond ring a few hours before. He said he would give \$100 for it. After an hour's fruitless labor the stranger gave it up and went away, giving the farmer his address in Scranton. A little later a tramp appeared on the scene, and as he passed along the road he stopped and picked something from the dust the farmer hastened out and found it to be the lost diamond. He negotiated for the possession of the stone and finally secured it for \$50. Then he rushed off to Scranton, but failed to locate the well-dressed stranger. Later he learned from a jeweler that rings such as he had were worth 25 cents each, if well cleaned.
